Miss W L Sproston,  
The Tannery,  
Middlewich.

Dear Madam,

We are in receipt of your letter of the 23rd inst., with reference to an appointment upon our Staff, somewhere in your locality. We regret that at the present, we have no position vacant which we could offer you. We enclose a form of application however, and if you will kindly fill this up and return it to us, we will keep your name before us in case a suitable opportunity should arise.

We should say, that any position we may have to offer you, could only be of a temporary nature, as we have undertaken to keep open the places of all our men who have gone on service.

Yours faithfully,

*per* Manager of Branches.
