

Dear Loo,

I am jolly glad you have got to know Eric Hulme because what I remember of him he is a nice boy. Don't you worry about what people think you enjoy yourself because you are only young once. If you see him again remember me to him, but I doubt if he will remember me, & tell him to give my kind regards to Nedra. I saw her when I was on leave but Ma was with me & I didn't like to speak to her. Well I hope you have a good time but whatever you do be a good girl, as Father says. I must close now I am Orderly sergeant to day & if I don't do my work properly I shall get chewed up by the Orderly Officer.

Best love

Alvin
